Professional Summary

Frontend Developer with professional experience building scalable and responsive web applications using React.js, TypeScript, Tailwind CSS, and Vite. Experienced in component-based architecture, REST API integration, state management, responsive UI development, and frontend optimization for enterprise-level systems. Skilled in developing reusable UI components, handling dynamic data flows, and building cross-browser compatible interfaces. Familiar with AI-assisted development workflows using GitHub Copilot, Cursor AI, and ChatGPT.

Professional Experience

Associate Developer — Shanvix Consultancy and LLP (Dec 2025 – Present)

- Developed enterprise frontend applications using React.js, TypeScript, Tailwind CSS, and Vite.
- Integrated REST APIs and managed frontend state flows for dynamic and responsive user interfaces.
- Built reusable UI components and scalable frontend architecture for workflow-based enterprise systems.
- Optimized responsive layouts for desktop and mobile devices with focus on performance and usability.
- Worked on document management and workflow automation platforms with real-time UI updates.
- Used Git, GitHub, GitHub Copilot, Cursor AI, and ChatGPT to improve development workflows and debugging.

Projects

ELOG System

Developed a workflow automation frontend with reusable components, responsive dashboards, API integration, and optimized state handling for enterprise operations.

Document Management System

Built responsive frontend interfaces for document lifecycle management with role-based rendering, metadata handling, and scalable UI architecture.

Change Control System

Created dynamic approval workflow interfaces with TypeScript-based validation, conditional rendering, and real-time status update handling.

Technical Skills

React.js, TypeScript, Tailwind CSS, HTML5, CSS3, REST APIs, Vite, Git, GitHub, Responsive Web Design, Component-Based Architecture, API Integration, State Management, Frontend Optimization, Cross-Browser Compatibility, Vercel Deployment, GitHub Copilot, Cursor AI, ChatGPT

Certifications

- Frontend Development Internship — SmartInternz

- Python Full Stack Development Certification
- Python Developer Certification — NASSCOM

Education

- BSc Computer Science — Sri Vani Degree College, Tadepalligudem (2023) | CGPA: 9.03
- Intermediate (MPC) — Aditya Junior College (2018–2020) | CGPA: 9.79
- SSC — Param Jyothi English Medium School | CGPA: 9.8
